Supports

Type of support	What is it for	What can it be used for
Innovation Voucher	SMEs can build connections with Ireland and Northern Ireland's publicly funded Knowledge Providers (i.e. higher education institutes, public research bodies) to explore business problems and uncover opportunities	€10,000 worth of time with an expert, third-level researcher to help you develop an idea or product, or solve a business or technical challenge. SMEs may avail of a maximum of four vouchers (3 standard, 1 co-funded).
Innovation Partnership Programme	The Innovation Partnership Programme is a hugely impactful venture which encourages Irish-based companies to work with Irish research institutes for mutually beneficial engagement, creating an innovative ecosystem that delivers impactful change	80% of up the cost of research
Work ready graduate programme	Work Ready Graduate Programme (WRGP) is designed to allow Technology Centres to help their member companies tackle the challenge of recruiting graduates with a combination of experience in Research, Development and Innovation and the softer skills needed to work effectively within the companies	Progress / close out of R&D projects, Develop new solutions and offerings. The costs of employment, mentoring and training for the graduate are split between company and grant.
